

33913 to 34038—Continued.**33984. MANDEVILLA SUAVEOLENS Lindl.**

Distribution.—A climbing shrub with large white flowers found in the vicinity of Buenos Aires in Argentina.

33985. MENODORA INTEGRIFOLIA (Cham. and Schlecht.) Steudel.

Distribution.—A shrub found on dry sterile hills and plains in the valley of the La Plata in Argentina.

33986. MIMOSA ADPRESSA Hook. and Arn.

Distribution.—A leguminous shrub found in the province of Entre Rios in Argentina.

33987. MIMOSA SEPIARIA Benth.

Distribution.—Common in hedges in southern Brazil and northward to Bahia and Pernambuco.

33988. MORRENIA ODORATA (Hook. and Arn.) Lindl.

Distribution.—A twining vine with greenish, sweet-smelling flowers belonging to the milkweed family; found in the vicinity of Buenos Aires in Argentina.

33989. MYROXYLON SALZMANNI (Clos) Kuntze.

(*Xylosma salzmanni* Eichl.)

Distribution.—A tree found in the provinces of Bahia and Sao Paulo in Brazil.

33990. NAGEIA ANDINA (Poepp.) Mueller.

(*Podocarpus andina* Poepp.)

Distribution.—A small tree belonging to the yew family; found on the slopes of the Andes in southern Chile.

33991. HEIMIA SALICIFOLIA Link and Otto.

(*Nesaea salicifolia* H. B. K.)

A bushy shrub with willowlike leaves and yellow flowers in the axils of the leaves. The twigs are strewn on the floors to drive away flies, and a decoction of the leaves is used as a sudorific.

Distribution.—Steep mountain slopes from San Luis Potosi in northern Mexico southward through Mexico, Central America, and South America to Uruguay.

33992. NIEREMBERGIA FRUTESCENS Bur.

Distribution.—A decumbent herbaceous perennial with blue and white flowers; found in Chile; often cultivated in greenhouses.

33993. PARKINSONIA ACULEATA L.

See No. 32820 for previous introduction.

33994. PATAGONULA AMERICANA L.

Distribution.—A shrub belonging to the borage family; found in southern Argentina and southward to the Straits of Magellan.

33995. PFAFFIA GLAUCA (H. B. K.) Spreng.**33996. PHALOCALLIS GRACILIS (Klatt) Kuntze.**

(*Cypella gracilis* Baker.)

Distribution.—An herbaceous perennial belonging to the iris family and having yellow, lilac-tinged flowers; found in central Brazil and in Paraguay.

33997. PHALOCALLIS HERBERTI (Herbert) Kuntze.

(*Cypella herberti* Herbert.)

“This pretty little Buenos Aircan iris may with me claim to have been the most satisfactory flower of the year in the garden. Its first blossom opened
